

XENA EXCHANGE OFFER FOR CORPORATE CLIENTS

WHY DO CORPORATE CLIENTS CHOOSE XENA EXCHANGE?

Convenient trading

- High in demand trading instruments (inter alia Bitcoin and Ethereum perpetual contracts and futures), as well as unique derivative contracts (like Bitcoin variance futures)
- High-level liquidity
- Exchange level liquidity with no 'last looks' and 'requotes'
- Commissions and rebates soundly more rewarding than competitors'

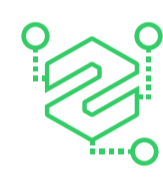

Fast onboarding

- **One-step verification:** no initial accounts needed before opening a corporate account
- **Live chat** available during verification process
- Dedicated account manager

WE BUILD A FRIENDLY ENVIRONMENT FOR CORPORATE CLIENTS

Xena Exchange provides a comprehensive trading environment with state-of-the-art security, advanced analytics and trading tools. As past trading professionals, we know how much trading convenience and a top-tier service is of the essence. Thus, we offer around-the-clock assistance and have integrated leading security and efficiency measures for corporate clients to buy, sell and trade derivative contracts.

Advanced services

- **Decentralized Accounts (dAccs)** offer unparalleled security
- Flexible fees and credit line options
- Fiat purchasing and selling (card & wire payments)
- Collateral and PL settlement in Euro and BTC
- Co-location services in Tier-4 data center in Luxembourg
- **24/7** customer and technical support
- API (FIX/ WebSocket)
